It is my honor to bring to your attention one of the India's premier institutions - **SBGS, Phulparas** in such a remote but revolutionary areas where we provide a rich academic environment and welcome to the 4th glorious edition

“संस्कार परिवार - The Global Face 2017-18”. At SBGS we believe it is schools that have the potential to create a change so needed in the world today because we have access to the most valuable natural resources of the Universe, the leaders of tomorrow. At present education doesn't need to be reformed, it needs to be transformed. The key to this transformation is not to standardize learning, but to personalize it, creating an atmosphere of collaboration that makes learning almost irresistible. It is this atmosphere that educators of SBGS strive to create by Partnering with leading CBSE that are far excellence in the field of education

A word of caution to our parents, if they happen to be reading this message, not to indulge their charges, but trust the school fully to get the best out of them as discipline is the best educator. One of the aims as enshrined in the school's philosophy is the all round development of the student's personality, achieved through a variety of experiences to which they are exposed as a result of a full and smartly designed academic curriculum and course structure apart, SBGS have an academic fully loaded vibrant & balanced co-curricular calendar. At the SBGS, we strongly believe in harnessing the power of knowledge by combining learning with extensive application based study and professional ethics, thus maximizing one's overall potential and nurturing a winning mentality in each of our students. As a sincere parents of society you will agree with us that the status of any educational institution goes much beyond bricks and mortar - it calls for dedicated teachers and an excellent crop of students who seek something beyond the books, examinations

and a degree.

My dear students as you may be aware our endeavour is to develop you to be successful global leaders of tomorrow and we need your commitment to learn, to imbibe and contribute to the process. We shall ensure that the experience of SBGS is a significant long-term value addition to an individual's career. Each one of you has distinct qualities and abilities each one of you has dreams, dreams to make it big! dreams need plans, plans to become reality and for that **Mission** one of the attributes of SBGS is the Freedom of the young minds to chase their dreams, beat academics or showcasing their other talents. So just go ahead my dear!

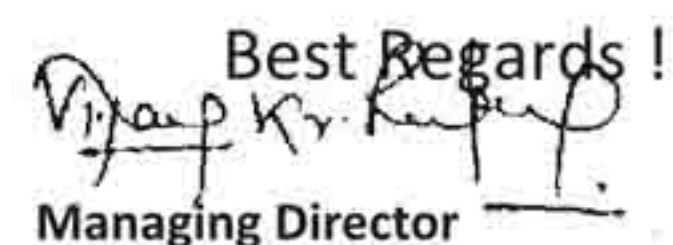

I feel immense pleasure to introduce our self as a premier school where another year at SBGS comes to a fulfilling end, during which we had many ups and downs and faced many challenges but much more was achieved. Once again our Xth board results created history by scaling new heights with batch average of 100%... we did exceptionally well in Debates, Quiz, Exhibitions Sports, Socials and our Founder's cum MBC too most be off well.

So my dears, shortly I will be seeing you, individually or in group(s) to encourage you to send us your young and bright minds and I assure you that we will mould them into the future global leaders and ambassadors of India. Finally, I appreciate the sincere cooperation and support always available to the school from the students parents, faculty members, school managing committee and all the staff. Good luck!
