

WORDS OF WISDOM

"Talent is God-given-be humble
Fame is man-given-be thankful.
Concentration is self-given be very, very careful."
Motivation may be temporary,
but discipline is permanent.
No one is perfect-we all must keep learning,
growing and moving forward.
All fame and success ultimately reach God
and truly, God is great.

दबाव के नीचे दबे सपने

सपने थे रंगीन, उड़ान भरे,
पर बोझ तले वे ठहर गए।
अंकों की दौड़, उम्मीदों का भार।
मन का आकाश हो गया बेकरार।

कभी जो हँसते थे खुलकर हम,
अब चुप है, बस सोचते कम।
पर एक दिन ये बंधन टूटेंगे,
सपने फिर से पंख फैलाएँगे।

दबाव भले हो जितना भारी,
आस है अब भी—जीत हमारी।

WHEN THE STONE TURNS GOLD

I held a stone, rough and cold
stumbled many times, the path untold.
I fell in shadows, bruised in pain,
wondered if all effort was in vain.
But time and tears wore off the grime
Pressure turned grit into shine.
Each failure a chisel, each doubt a tool,
Refining courage, teaching me new rules.
Now I lift that stone within my hand,
It glows with lessons I now understand.
Not broken by trials, but shaped and
bold-
I stand, transformed; the Stone turns
gold.

LANTERN IN THE QUIET NIGHT

When shadows gather, dreams feel dim,
When footsteps falters on narrow brim
I kindle a lantern deep in my chest
A quiet flame reusing to rest.
It flickers, trembles, but is stays
Against the dark, it carves a blaze.
In every heartbeat, in whispered prayer,
I sense a promise held somewhere.
Though night is long, dawn will come,
stars will fade, break of sun.
And in that morning, hope will rise
Golden, radiant in open

Plants provide numerous environmental, climatic
and economic benefits. It reduce green house

which makes our climate clean. Plant and trees
prevent us from natural disaster like land slide. It
provides us fodder crop, medical herbs, fibers etc.
as well as our study material like notebook, paper
are also made up of part of plants. Plants also
teach us lesson how to stand in all
